Dr. Karen Hacker, Director
Allegheny County Dept. of Health
955 Rivermont Drive
Pittsburgh PA 15207

Dear Dr. Hacker,

On behalf of Clairton City School District, I would like to thank you and the Allegheny County Health Department for extending the opportunity to be a Live Well Allegheny School District. Our District is beginning several new healthy living initiatives in the 2015-2016 school year, and this effort will bolster our effort to provide the support services to our staff, students and community. We look forward to the partnership.

Both our Elementary School and our Middle/High School are currently meeting the Live Well Allegheny Criteria. Our schools currently work with Breath Pittsburgh and Grow Pittsburgh through our after school program CASTLE. We also will be having an asthma camp on November 13th and will be working with STARS/STARS Jr. in the fall. Other programs we participate in include the Fresh Fruit and Vegetable Program and Adagio Power Up! and the Safe Routes to Schools Program. Both of our schools have committed to enhancing health education to include nutrition and physical activity information. Among other things, we hope to implement a Live Well Allegheny Field Day this upcoming school year and a "drink more water," initiative. Additionally, the district will plan, promote and implement a Live Well Allegheny event in cooperation with the campaign that encourages active living.

Thank you again for this opportunity to be a Live Well Allegheny School District. We look forward to working with you.

Sincerely,

Ginny L. Hunt, Ed.D.
Superintendent of Schools
