Pittsburgh, PA 15219

Dear Dr. Hacker:

I am writing this letter on behalf of the Shaler Area School District. I would like to thank you and the Allegheny County Health Department for extending the opportunity to become a Live Well Allegheny School District. We are very committed to creating a healthy environment for all students, staff members, and administrators.

We look forward to our partnership with the Allegheny County Health Department along with other districts in the county who are committed to health and wellness. We will be forwarding to you a summary of activities and initiatives that the district is already doing and has planned for the upcoming year. Ms. Hannah Hardy has been an excellent resource for us and we welcome any additional feedback that you may be able to provide.

Thank you again for the opportunity to be a Live Well Allegheny school district. We look forward to collaborating with you and other districts within Allegheny County. We take this responsibility seriously and believe our efforts will only stand to enhance our efforts to strengthen mind and body. We sincerely hope that this commitment will create demonstrable health improvements of our staff, students, and community residents.

Sincerely,

A handwritten signature in black ink, appearing to read "Sean C. Aiken".
