Dear Dr. Hacker:

We at Spectrum Charter School are excited at the prospect of being designated a Live Well Allegheny School. We agree to share information on wellness with students and families (using Facebook and other methods), and will share BMI data with the Allegheny Health Department.

We have planned a "Touch a Truck—Bee Well EXPO" family event to encourage active living and nutrition. We commit to increase fresh fruit and vegetable intake with students with fresh organic fruits offered on Mondays, and Taste it Tuesdays (on which students taste new foods or foods prepared in new ways.)

We are currently pursuing a Healthy Relationship Curriculum to be offered in the near future. A garden is planned for next year, to be tied to the curriculum.

We look forward to working with you and appreciate whatever help you can offer.

Sincerely yours,
